

GRC CORA is a highly **customizable** and **modular** solution according to the specific needs of each reality.

Ready-to-use web solution, immediately accessible.

For **consultants, companies** of any size or sector, **public administration**.

INTEGRATED

The different modules communicate and exchange information thanks to “common” parts allowing a more intuitive and less redundant management

MODULABLE

Possibility to add new modules and keep up with regulatory and market demands

MULTI-COMPANY

Can be activated for several Legal Entities (corporate groups, consortia, etc.) for a centralized management of compliance

MULTILINGUAL

The application is designed to support and integrate multiple languages. Native languages are available: Italian, English and French

DOCUMENTED

The solution is equipped with online manuals updated and accessible in a contextual way in every functionality

QUALIFIED ASSISTANCE

We can offer technical and regulatory assistance, thanks to our highly qualified staff

UX/UI OPTIMISED

The graphical interface has been designed to be at the service of the user, creating a more intuitive experience and management

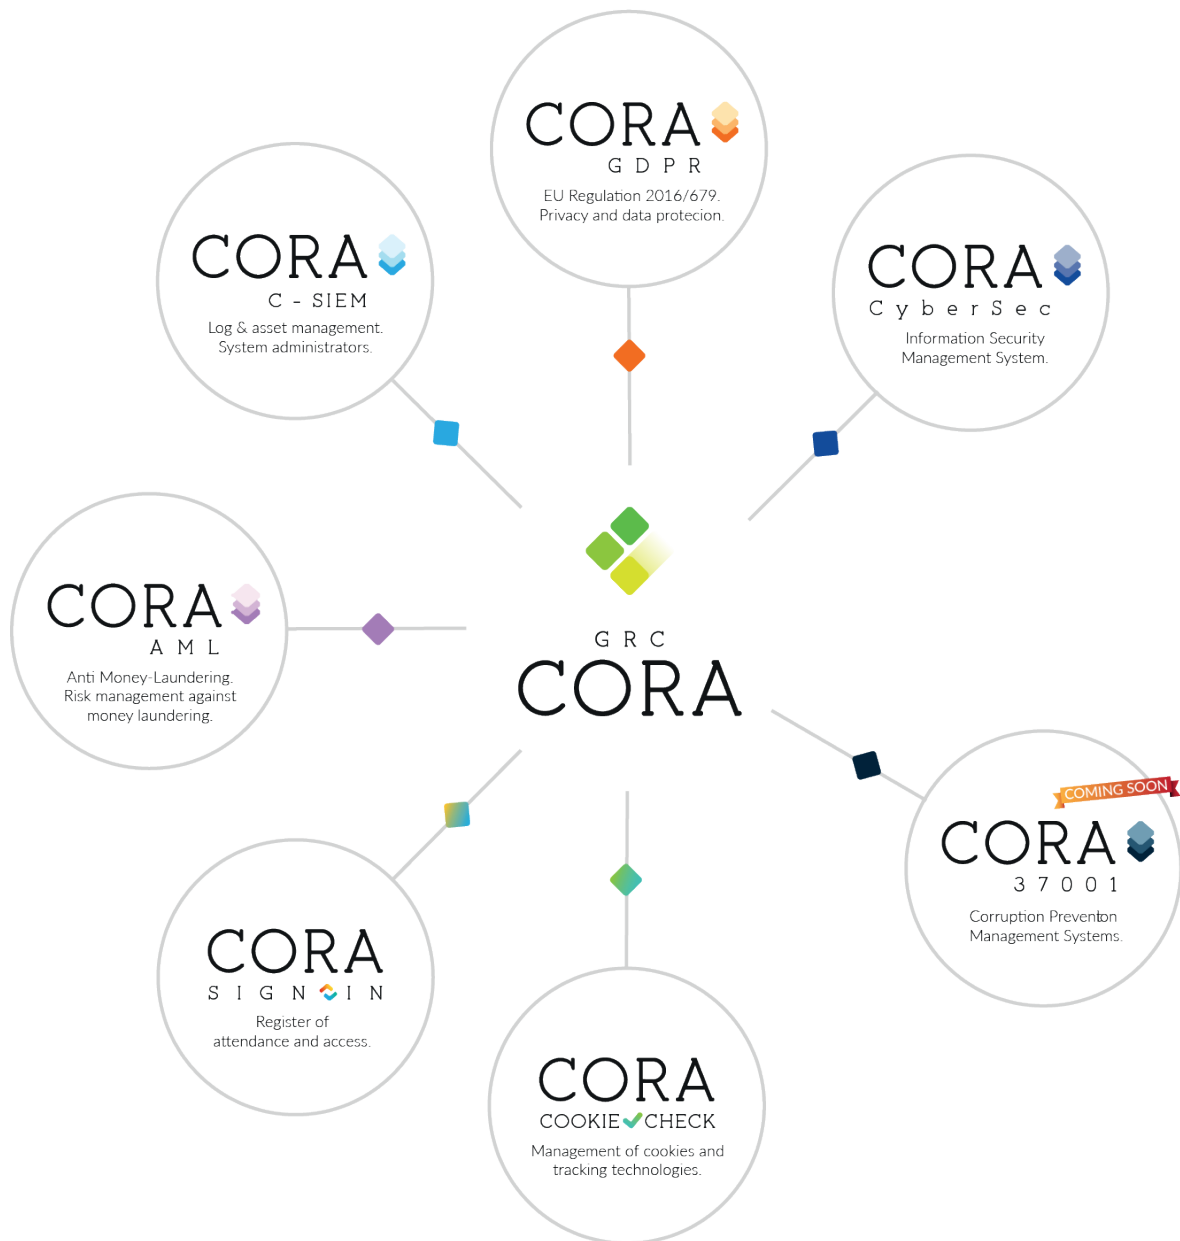

INSTALLATION WIZARD

Installation by “wizard” guides the user in the early stages of operation

Modules

The modules can be **activated independently**. Upon activation, the new module will inherit the information it has in common with the other elements already operational.

GRC CORA is available in **SaaS** and **OnPremise** mode to better accommodate the needs of each customer.

A simple, complete, scalable
compliance suite.

GRC CORA is a customizable and modular solution according to the specific needs of each reality.
